

## LICENSE AGREEMENT

NATIONAL TECHNICAL UNIVERSITY OF UKRAINE  
"IGOR SIKORSKY KYIV POLYTECHNIC INSTITUTE"  
INNOVATIVE BIOSYSTEMS AND BIOENGINEERING  
ISSN 2616-177X

Title of the article: \_\_\_\_\_

Manuscript number: \_\_\_\_\_

Author(s): \_\_\_\_\_

Corresponding author: \_\_\_\_\_

(1) The Corresponding author is authorized by his Co-authors to enter into these arrangements.

(2) The Authors grant to **Igor Sikorsky Kyiv Polytechnic Institute** owner and publisher of **Innovative Biosystems and Bioengineering**, during the full term of copyright, the exclusive license to publish, republish, transmit, sell, distribute and otherwise use the article and the material contained therein in editions of **Innovative Biosystems and Bioengineering** and all derivative works therefrom throughout the world, in all languages and in all media of expression.

(3) Authors **Warrant**:

- the article is submitted only to the **Innovative Biosystems and Bioengineering**, is original, has not been formally published in any other journal, is not under consideration by any other journal and does not infringe any existing copyright or any other third party rights;

- the Author(s) are the sole authors of the article and have full authority to enter into this agreement and in granting rights to **Igor Sikorsky Kyiv Polytechnic Institute** are not in breach of any other obligation. All Authors have been informed of the full content of the submitted work at, or prior to, the time of submission;

- nothing in the article infringes any intellectual property rights (including without limitation copyright, patent, or trademark). If excerpts from copyrighted works are included, the Author(s) obtained written permission from the copyright owners and showed credit to the sources in the Contribution. No such permission is required if the **Igor Sikorsky Kyiv Polytechnic Institute** is the copyright holder;

- the article contains no libelous or unlawful statements, does not infringe on the rights of others, or contains material or instructions that might cause harm or injury. It does not contain any statements or information that is intentionally misleading or inaccurate;

- any unusual hazards inherent in the chemicals, biomaterials, equipment, or procedures used in an investigation are clearly identified in the article;

- potential and/or relevant competing financial or other interests that might be affected by publication of the article have been disclosed to the managing editor.

(4) The ownership of copyright remains with the Authors. All Co-authors agree that the article if editorially accepted for publication, shall be licensed under the [Creative Commons Attribution License 4.0](#). All uses of the Submitted, Accepted, or Published Work made under the [CC BY 4.0](#) must include an appropriate citation.

(5) Each Co-author gives guarantee of his/her acceptance for the publication of the article in **Innovative Biosystems and Bioengineering**.

(6) The Author(s) indemnify the **Igor Sikorsky Kyiv Polytechnic Institute** and/or its successors and assigns for any and all claims, costs, and expenses, including attorney's fees, arising out of any breach of this warranty or other representations contained herein.

*Note:* If the article is not published in any edition of **Innovative Biosystems and Bioengineering**, this Agreement shall be null and void.
